

Position: OT/PT

Type: Part-Time

Location: Countryside

Flying High Sports & Rec Center is currently hiring OTs and PTs for our therapeutic program to address coordination, balance, strength, and sensory issues. Come and check out this unique, fun way to provide therapy in a gymnastics setting. We offer competitive pay and a flexible schedule.

Candidate Characteristics and Major Job Responsibilities:

- Seeking outgoing, energetic OTs and PTs who want to work part time
- You can make your own schedule, although after school and weekend hours are preferred
- Most therapy is provided in one of our 2 gyms where you will have access to 6 different types of trampolines, various height balance beams, parallel bars, mats, rings, ropes, 2 different types of foam pits, and much more
- We also have a more “traditional” therapy room with suspended equipment and tables/chairs for fine motor work
- Some of our clients come in with goals of integrating into our mainstream gymnastics or ninja classes, while others are looking for more traditional outpatient therapy. We’re a very family-oriented organization, and therefore let the family guide us in selecting the goals of treatment.

Education, Knowledge, Competencies/Skills Required:

- This an excellent opportunity for EI or school therapists to pick up extra hours
- New Grads welcome but you must be able to work independently
- You must have a strong background in pediatrics, although no gymnastics experience is necessary. We will provide training on all of the equipment.

If you meet these qualifications and are an interested applicant, please visit www.flyinghighgym.com to print out the employment application. You may submit your application in person or via email. Please email your resume and application to Kathie.M@flyinghighgym.com. We look forward to hearing from you!
